Plot with Ruin + Approved Project

In the project, the house consists of ground floor where there are three bedrooms, one of them en suite, living/dining room, open plan kitchen, laundry/pantry and two bathrooms.

All spaces in the project have large glass windows, all facing the leisure area where the swimming pool is located, surrounded by a fantastic terrace with an annex divided into two spaces and an outdoor shower to support the pool.

The land will make a fantastic garden because it is flat and there are still traces of an old threshing floor that can be recovered and integrated into the landscaping.
